GALLERY TALK
BECOMES LECTURE

Roger Welchans, Director of Fine Arts at John Carroll University, will expand his gallery talk, scheduled for 2:30 p.m. Sunday, January 28, into a full hour's lecture with slides. The lecture will occur at the same time but the place will be changed from Gallery 28 to the auditorium. Professor Welchans' topic will be the work of 19th century American painter George Caleb Bingham whose paintings and drawings will be displayed through March 10 in the special exhibition Gallery 28. After the lecture, the audience will have an opportunity to visit the exhibition.
